Here at Seattle we are very passionate about food and wine. As our Head Chef sources local produce with a lot of care and attention, we present you with this selection of wines sought on the same principles. These wines have been chosen because they all represent the roots and character of the world's regions in which are produced. Each bottle carries long time respected family traditions and they are all but common commercial products which you would find on a supermarket shelf. To help you enjoying our wines, we serve measures of **125ml** and **175ml** which allows you to consume two glasses with your meal and gives you the chance to sample different products. Following the same principle, Dessert wines, Sherry and Port are served in **100ml** measures. Drink responsibly and enjoy your experience here at Seattle. Should you need any suggestion we will be happy to assist you.
